

NOBAMED Paul Danz AG

RIBOFORM®

Size S

Product Description and Purpose

Absorbent incontinence pads for slight to moderate urinary leakage. The pad is fixed with adhesive strips and provides an excellent fit, even more so because of its anatomical shape. A special moisture dispensation layer protects against re-wetting. The napkins are individually packed.

Composition

Cellulose, polypropylene, polyethylene, polyacrylate adhesive

Normative and Legal Requirements

RIBOFORM® is a medical product according to directive MDD 93/42/EEC and the regulation MDR (EU) 2017/745 and is classified as class I, rule 1.

The absorption capacity according to ISO 11948 is 80 g.

The product does not contain dangerous toxic substances according to REACH. It has CE marking and DIN EN ISO 15223-1 labels on all its packaging.

Packaging

Primary packaging: PE foil

Secondary packaging: PE bag

Tertiary packaging: carton made of cellulose

Storage

To be stored in a dry and dust-free environment
