

RUDAKITAPE®

REF 071065

Product Description, Intended use, Application

RUDAKITAPE® (pink, 5,00 cm x 5 m) is a longitudinally elastic tape bandage that does not restrict the movement of joints. It is applied as a kinesiotape. Kinesiotaping is used to reduce pain and support muscle-ligament-joint function.

Composition

Cotton, elasthan, acrylic adhesive

Contraindications

Extensive hematomas, extensive skin damage and known allergies to any component of the product.

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Medical Device according to *MDR (EU) 2017/745*.

The product does not contain dangerous toxic substances according to REACH.

Packaging

Primary: folding box made of cellulose

Secondary: carton made of cellulose
