

NOBAMED Paul Danz AG

NOBASKIN® BODYLOTION

REF 155300

Product Description and Purpose

This sensitive body lotion contains 5 % urea, its pH value is 5.5 approximately. NOBASKIN® body lotion is used for the gentle care of sensitive, dry and stressed skin. It helps to maintain the skin's natural acid mantle. 5 % urea, allantoin and bisabolol soothe the skin. Urea reduces itchiness and captures moisture in the skin without drying. NOBASKIN® body lotion provides a fresh and well-cared for appearance to the skin.

Skin compatibility dermatologically tested. Free from dye and parabens.

Composition

Aqua, ethylhexyl stearate, dicaprylyl ether, isopropyl palmitate, urea, glycerin, polyglyceryl-2 dipolyhydroxystearate, polyglyceril-3 diisostearate, zinc stearate, magnesium sulfate, benzylalcohol, phenoxyethanol, allantoin, potassium sorbate, bisabolol, perfume, citric acid, tocopherol

Normative and Legal Requirements

NOBASKIN® body lotion is subject to the regulation on cosmetic products (dated July 16, 2014, amended by Article 2 of the regulation of 26 January 2016).
