

**NOBAMED Paul Danz AG**

# NOBATEL®

in foil

**REF 426506**

## Product Description, Intended use, Application

The white, size **6 cm x 5 m** (stretched length) bandage, is a light short-stretch bandage with a stretchability of  $60 \pm 15\%$ . It has overlock seams and woven edges. NOBATEL® is universally applicable in all medical fields. The rolled bandage is for single use only and is individually packed.

## Composition

Polyester, cotton (overlock seams, woven edges)

## Contraindications

The product should not be used in the case of a known allergy against the material.

## Note

Please ensure after application, that the bandage must neither cause pressure sores, strangulation marks nor pains, numbness and circulatory disorders.

The product has been subjected to a validated microbial reduction process and is therefore pre-sterilized.

## Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

## Normative and Regulative Requirements, Common Standards

Medical device according to the MDD 93/42/EEC and MDR (EU) 2017/745.

The product does not contain dangerous toxic substances according to REACH.

## Packaging

Primary packaging:	OPP foil
Secondary packaging:	folding box made of cellulose
Tertiary packaging:	carton made of cellulose

## Symbols used in labelling

Explanations at [www.nobamed.com](http://www.nobamed.com)

Marking on all packaging levels with CE and according to DIN EN ISO 15223-1 and ISO 20417.

## Storage and Transport

To be stored in a dry and dust-free environment

## Single use device

Reusing a single use medical device can lead to microbiological danger. Reprocessing, for reuse can decrease the product's performance significantly.

## Disposal

According to locally applicable legal regulations and standards of infection prophylaxis.
