NOBAMED Paul Danz AG

NOBATEL®
in foil

REF 426510

Product Description, Intended use, Application
The white, size **10 cm x 5 m** (stretched length) bandage, is a light short-stretch bandage with a stretchability of 60 ± 15%. It has overlock seams and woven edges. NOBATEL® is universally applicable in all medical fields. The rolled bandage is for single use only and is individually packed.

Composition
Polyester, cotton (overlock seams, woven edges)

Contraindications
The product should not be used in the case of a known allergy against the material.

Note
Please ensure after application, that the bandage must neither cause pressure sores, strangulation marks nor pains, numbness and circulatory disorders.

The product has been subjected to a validated microbial reduction process and is therefore pre-sterilized.

Incident reporting
According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards
Medical device according to the MDD 93/42/EEC and MDR (EU) 2017/745.
The product does not contain dangerous toxic substances according to REACH.

Packaging
Primary packaging:	OPP foil
Secondary packaging:	folding box made of cellulose
Tertiary packaging:	carton made of cellulose

Symbols used in labelling
Explanations at www.nobamed.com

Marking on all packaging levels with CE and according to DIN EN ISO 15223-1 and ISO 20417.

Storage and Transport
To be stored in a dry and dust-free environment

Single use device
Reusing a single use medical device can lead to microbiological danger. Reprocessing, for reuse can decrease the product's performance significantly.

Disposal
According to locally applicable legal regulations and standards of infection prophylaxis.
