

NOBAHEBAN®

REF 457410

Product Description, Intended use, Application

The red cohesive compression bandage (size 10 cm x 4.5 m) has a stretchability of approx. 100 %. It is used for bandages for short-term compression. It is applied over a gauze ball or swab. It is also used as a supporting and relieving bandage

Composition

Polyamide, polyester, latexfree elastomere

Contraindications

The product should not be used in the case of a known allergy against the material.

Note

During application, cohesive bandages should not be stretched too much, as otherwise the arterial blood supply might be disturbed.

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Medical Device according to *MDD 93/42/EEC, MDR (EU) 2017/745*.

The product does not contain dangerous toxic substances according to REACH.

Packaging
