

RUHRSTERN®-HAFTPUFFER

REF 570220

Product Description, Intended use, Application

RUHRSTERN®-HAFTPUFFER (crutch tip) is a three-part capsule for walking aids. It consists of a low-abrasion, elastic base and a rigid top with an included metal nozzle. This structure absorbs shocks and thus helps to protect the user's joints. The feature of a joint-function-like capsule supports the user's stable gait and safe standing, even if the walking aid is slanted when it hits the ground. The capsule is to be mounted onto a walking aid with an outside diameter of **20 mm**.

The capsule is a disposable product and is packed in pairs.

Composition

Polyurethane, polyvinyl chloride, metal

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Accessory for a medical device according to *MDD 93/42/EEC, MDR (EU) 2017/745*.

RUHRSTERN®-HAFTPUFFER complies with the requirements of DIN EN ISO 24415-1 and of ISO/FDIS 24415-2 relating to durability, friction and stability.

The product does not contain dangerous toxic substances according to REACH.

Packaging

Primary packaging: folding box
 made of
 cellulose

Secondary packaging: carton made
 of cellulose

Symbols used in labelling

Explanation at www.nobamed.com

Marking on all packaging levels with CE and according to DIN EN ISO 15223-1- and DIN EN ISO 20417

Storage and Transport

No special requirements

Single use device

Reusing a single use medical device can lead to microbiological danger. Reprocessing for reuse can decrease the product's performance significantly.

Disposal

According to locally applicable legal regulations and standards of infection prophylaxis.
