

NOBAMED Paul Danz AG

NOBA[®] TOTAL BODY WASH

REF 672418

Product Description, Intended use, Application

The moist, hand-shaped disposable wash cloths are used for the professional body washing especially of bedridden patients. The washing gloves replace water, soap and towel. They are pH skin neutral, with Aloe Vera, and therefore gentle to the skin. By systematic use of exactly 8 gloves for the different areas of the body, cross-contamination from one area to another can be prevented.

Composition

Nonwoven, Aqua, Phenoxyethanol, PEG-40 Hydrogenated Castor Oil, Propanediol, Poloxamer 188, Aloe Barbadensis Leaf Extract, Parfum Benzalkonium Chloride, Cetylpyridinium Chloride, Sodium Citrate, Citric Acid, Tocopheryl Acetate.

Notes

Do not dispose of in toilet.
Skin compatibility dermatologically approved, without parabens, alcohol-free.

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Medical Device according to *MDD 93/42/EEC*, *MDR (EU) 2017/745*.

The product does not contain dangerous toxic substances according to REACH.

Packaging

Primary packaging: PE-bag
Secondary packaging: carton made of cellulose

Symbols used in labelling

Explanation at www.nobamed.com

Marking on all packaging levels with CE and according to DIN EN ISO 15223-1- and DIN EN ISO 20417

Storage and Transport

Dry and dustfree, protect from sunlight.

Single use device

Reusing a single use medical device can lead to microbiological danger. Reprocessing for reuse can decrease the product's performance significantly.

Disposal

According to locally applicable legal regulations and standards of infection prophylaxis.
