

VERBANDKLAMMER (packed per 50 pieces)

REF 962700

Product Description, Intended use, Application

The elastic bandage clips are an accessory, i.e. an interchangeable device for medical bandages to hold their ends in place, especially during transport.

Composition

Polyester, polyamide, aluminum

Note

Elastic bandage clips pose a risk of injury. To reduce the risk of injury, elastic bandage clips should not be used on the patient. Fixation tapes are suitable for securing a bandage closure.

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Legal Requirements

VERBANDKLAMMER (elastic bandage clips) is an accessory for a medical device according to the Directive 93/42/EEC and the Regulation MDR (EU) 2017/74

The product does not contain dangerous toxic substances according to REACH.

Packaging

Primary packaging: PE bag

Secondary packaging: carton made of cellulose

Symbols used in labelling

Explanations at www.nobamed.com

Marking on all packaging levels with CE and according to DIN EN ISO 15223-1- and ISO 20417.

Storage and Transport

Dry and dustfree

Single use device

Reusing a single use medical device can lead to microbiological danger. Reprocessing for reuse can decrease the product's performance significantly.

Disposal

According to locally applicable legal regulations and standards of infection prophylaxis.
