You will find **NOBASPOT®** at the bottom right of our homepage when you open the 'Chat bubble'. The following text will appear:

,NOTE: You are interacting with an artificial intelligence (AI). Please note that errors may occur in the answers generated by AI. Enter your question in your language. NOBASPOT® will answer it based on the data provided by NOBAMED Paul Danz AG.'

Find your answer now...

Explanation of **NOBASPOT®**:

With our generative full-text search engine, our AI chatbot NOBASPOT®, we want to offer you the following advantages in our customer communication:

- Your questions are analyzed using artificial intelligence and the answer specified for you is generated immediately.
- The answers are fed from the content of our website according to our proven motto 'Knowledge connects'.
- If appropriate, the chatbot links directly to the source you are looking for on our website.
- You can use **NOBASPOT®** in your own language, regardless of time and place.
- Valuing your time is very important to us. With **NOBASPOT®**, we shorten the time you have to spend on a search.
- We offer a secure form of communication without storing your personal user data.
NOBASPOT® is hosted by NOBAMED Paul Danz AG in Germany and has been trained with our own data and to our own specific requirements.
- **NOBASPOT®** is not a medical device and cannot help you with a diagnosis or therapy.
- Of course, we are always there for you personally if you have any further questions!
