## **TOP 100- award: Ranga Yogeshwar honors NOBAMED Paul Danz AG:**

**Überlingen - Congratulations at the German SME Summit: Ranga Yogeshwar congratulates NOBAMED Paul Danz AG from Wetter (Ruhr) on its award with the TOP 100 seal. The award ceremony will take place on Friday, June 23, in Augsburg for all medium-sized companies who have received the TOP 100 seal at the beginning of the year. The science journalist accompanies the innovation competition, which is being held for the 30th time, as a mentor. NOBAMED impressed in the scientific selection process, in the size class B (51 to 200 employees in Germany) and was particularly impressive in the category "Innovative Processes and Organization". This is the second time that the company has been among the top innovators.**

In the TOP 100 company portrait published on the occasion of the award portrait states (excerpt):

Since 1915 NOBAMED has been developing and manufacturing products for medically highly sensible areas. But how can you be innovative in a highly regulated environment? How can you be innovative? NOBAMED has responded to this by developing particularly agile and innovative processes and transforming itself.

Whereas the focus used to be on non-sterile dressing materials, the two-time top innovator now concentrates on sterile products in cleanroom production.

Since 2020, the company has also been producing customized treatment units, which continues to position itself as a full-range supplier for hospital requirements. "We have taken a process step from the clinic to us and offer industrially manufactured sterile treatment units. In the past, we delivered the individual products directly to the clinic. Now, we offer them assembled to suit the process and thus relieve the user considerably," says Dr. Anja D., Deputy Vice Chairwoman of the Management Board. An important topic in the company are the complex and extensive certification processes. The innovative medium-sized company responds to this with digital transformation. The idea is to automate product approvals at least partially automated.

### **TOP 100: the competition**

Since 1993, compamedia has been awarding the TOP 100 seal for special innovative strength and above-average innovation successes to medium-sized companies. Since 2002, the scientific management has been in the hands of Prof. Dr. Nikolaus Franke. Franke is founder and director of the Institute for Entrepreneurship and Innovation at the University of Vienna. The mentor of TOP 100 is the science journalist Ranga Yogeshwar. The project partners are the Fraunhofer-Gesellschaft for the Promotion of Applied research and the BVMW. The magazines manager magazin and impulse support the comparison of companies as media partners, ZEIT für Unternehmer is a cooperation partner. More info at [www.top100.de](http://www.top100.de)
